2018 CVWD Golf Course Turf Rebate Program Guidelines

CVWD is accepting applications from Coachella Valley golf courses within the CVWD boundary for turf rebates of up to \$105,000 (\$15,000 per acre up to seven acres) per applicant. Applications will be accepted on a first come, first served basis until remaining funding is reserved.

Rebates of \$15,000 per acre up to a maximum of seven acres per project (\$105,000 cap per applicant) will be awarded to golf courses who qualify for rebates. Lake removal also qualifies for this rebate program. If lake acreage is removed it may be included in the total project acreage calculation, and may be compensated at the same rate of \$15,000 per acre.

REQUIREMENTS

- Deliver completed applications via one of the following methods:
 - Hand Delivery:
Attn: Angela Fasano, 75525 Hovley Lane East, Palm Desert, CA 92260
 - Mail:
Attn: Angela Fasano
P.O. Box 1058, Coachella, CA 92236
 - Online submittal will be available at www.cvwd.org/golfrebate
- Applicants must submit landscape plans for all areas to be converted from turf to drought tolerant landscaping. Plans must clearly show:
 - Total project area with turf/lake removal areas clearly defined
 - Proposed landscaping
 - Proposed drip irrigation system (no overhead spray heads allowed)
 - Total estimated water savings
- Plans must be prepared in compliance with CVWD Landscape Ordinance 1302.3
- Post turf-removal water use must be no more than 20% of Et or 1.7 acre feet per acre, whichever is less.
- Applicants must commit to sharing water usage data with the Golf and Water Task Force, and working with the Golf and Water Task Force to stay within the water budget established by CVWD.
- Rebates will be paid after the project has been completed, and CVWD has verified the total water savings and the total acreage of turf/lake removal.
- If the golf course irrigation system also irrigates HOA areas, turf removal within HOA areas may be counted in total turf area removed.
- The completed project area must remain in compliance with all program conditions for a period of at least 5 years from the date of Project approval.
- Projects must be completed by June 30, 2018.

Please contact Angela Fasano, Water Management Specialist, (760)398-2661 ext. 3462 for more information. CVWD staff is available to answer questions and assist with application preparation.
