## Request for Increased Water Budget Commercial, Institutional, Industrial or Landscape Meters

CVWD uses information related to landscaping and facility operation (such as number of restrooms) to establish water budgets. Budgets are based on water need according to landscape square footage or Equivalent Dwelling Unit (EDU) sewer demand. This information is gathered when the facility is built or expanded and/or plans are submitted to CVWD. **If the facility has undergone changes that impact water needs, it is the customer's responsibility to make CVWD aware of these changes.**

Use this form to request a water budget increase.
